

Party with Us at Tortilla Flats

Users Group Holiday Party

As voted at the meeting last month, we have decided to have a Holiday party for the entire group. The original plan was to have it at Upper Crust Pizza. However, their conference rooms were not available.

I researched various other locations. After an email poll, we have reserved the conference room at Tortilla Flats. Please, come join us. ❖

No Host Bar!

*Food & Beverages
provided by the group!*

Autodesk University 2008

Hello from the 37th floor of the Palazzo tower

The attendance at Autodesk University this year is a down a little from last year.... The air of the conference is very different this year. Not quite as upbeat. The food is not as good.

The classes have still provided good information. I have attended courses on AutoCAD, AutoCAD Architecture, AutoCAD Civil 3D, and Revit Architecture.

We will review some of this material over the months to follow. ❖

Wednesday, Dec. 10, 2008

*Tortilla Flats Mexican Restaurant
2800 Park Marina Drive, Redding*

Agenda

EAT!

DRINK!

ENJOY!
