

## Your Vote Counts!

*Become an Officer & add a fresh perspective to the board. We are always looking for ways to improve the group.*

It is that time again – We need to vote in new officers for the group. Greg Fielden has been our President for several years and has decided not to continue in the position. If you have a nomination you would like to put forth, please contact one of the current board members.

As always, nominations will be accepted at the meeting. ❖

## HOT AutoCAD Tip

*From John Ramirez, Sierra Pacific Industries*

When using the EXTEND or TRIM command, hold down the SHIFT key to reverse the operation (i.e. extend an object to a cutting edge during the trim command).

*Beverages and cookies provided by Tim Corey,  
the group provides PIZZA each month!*

## Holiday Party a Success

*Thank You Tortilla Flats*

As reported last month, the December meeting was held at Tortilla Flats as a holiday party. There was a good attendance, several faces we don't see regularly. We missed those of you that were not able to be present, especially those that apparently had a change of plans.

It was decided by unanimous vote that this will become an annual tradition. We hope to see more of you present next year! ❖

## Wednesday, Jan. 14, 2009

5:30 PM at Delta Engineering Systems,  
1438 Hartnell Avenue, Redding

### Proposed Agenda
