

## AutoCAD Civil 3D 2010

*Check out the new streamlined workflow!*

**Tim Corey will demonstrate and discuss the new features of AutoCAD Civil 3D 2010, including:**

- **Integrated Ribbon**
- **Intersection Wizard & Alignment Types**
- **Quantity Takeoffs**

And don't forget about the availability of the core changes to AutoCAD, especially **PDF Integration**. ❖

## GIS Manager Retiring!

***Jim Coats is leaving the City after 34 years of service!***

Over the years, Jim has been involved in many major milestones:

- 1984 – Brought AutoCAD to the City (ver. 1.8)
- 1989 – Brought GIS to the City
- 1994 – Created dedicated GIS Division
- 1998 – Published on-line mapping service

The City of Redding GIS Division has many highly skilled and talented individuals; however, Jim's historical knowledge and expertise will be missed! ❖

## HOT AutoCAD Tip

### ***SELECTIONANNODISPLAY system variable***

Controls whether alternate scale representations are temporarily displayed in a dimmed state when an annotative object is selected. 0=Off, 1=On. The dimming intensity is controlled by the XFADECTL system variable. *Submitted by: Mary Beth Harwood.*
